CORPORATE TRAINER / SOFTWARE DEVELOPER (AI & ML)

Committed to providing exceptional training and development programs while utilizing strong technical expertise in software development. Seeking a challenging role that allows me to leverage my skills and contribute to the growth and success of an organization.

SKILL SET	PROFILE SUMMARY
Corporate Trainer **Software Development** **AI & ML** **Android App Developer** **Agile Methodologies** **Troubleshooting** **Project Analyst** **Team Management** **Problem Solving** **Collaboration** **Continuous Learning**	• A dynamic and experienced professional with a total of **10 years** of work experience, including **2 years as an Android Developer at IBM**, **5 years as a Corporate Trainer at Quess Corp**, and **3 years specializing in AI and ML at Quess Corp**. • Demonstrated expertise in Android app development, training and development, and the application of AI and ML techniques to solve complex problems. • Adept at collaborating with cross-functional teams, delivering high-quality solutions, and driving innovation. • Effective leader with excellent motivational skills to sustain growth while motivating peak individual performances • **Android Development**: Proficient in developing robust and scalable Android applications, with hands-on experience in UI design, core functionality implementation, API integration, and testing. • **Corporate Training**: Experienced in conducting training programs and workshops for technical and non-technical professionals. Skilled in developing comprehensive training materials, designing interactive sessions, and adapting training methods to diverse audiences. • **Artificial Intelligence and Machine Learning:** Strong knowledge of AI and ML concepts, algorithms, and techniques. Experienced in developing and deploying machine learning models, performing data preprocessing, feature engineering, and model evaluation. Proficient in various ML algorithms and frameworks, including scikit-learn, TensorFlow, and PyTorch. Familiarity with deep learning techniques such as CNNs, RNNs, and GANs.

EMPLOYMENT DETAILS

AI and ML Specialist, Quess Corp (Noida,UP)
[14 Sept 2020 – 21 June 2023]

• Applied AI and ML techniques to solve complex problems and drive innovation.
• Developed and deployed machine learning models, performed data preprocessing and feature engineering, and optimized model performance.
• Utilized various ML algorithms and frameworks, including scikit-learn, TensorFlow, and PyTorch.
• Stayed updated with the latest advancements in AI and ML by actively engaging in continuous learning and professional development. Managing large and complex projects or multiple components of a large projects involving more than one company's product/ services

Corporate Trainer, Quess Corp (Bangalore, Karnataka)
[March 2015 to 11 Sept 2020]

• Facilitated training programs and workshops for technical and non-technical professionals.
• Developed comprehensive training materials and designed interactive sessions to effectively convey complex concepts.
• Adapted training methods to diverse audiences, fostering an engaging learning environment.
• Received positive feedback from participants for excellent presentation and communication skills.

Android Developer, IBM
[April 2013 to March 2015]

• Developed robust and scalable Android applications, ensuring high performance and user satisfaction.
• Collaborated with cross-functional teams to gather requirements, design UI/UX, and implement core functionality.
• Conducted thorough testing and debugging to deliver high-quality, bug-free applications.

EDUCATION

- MTech CSE(AI & ML). from Manglayatan University Alighar UP in 2022-2024
- BE (CSE) from SG Balekundri Institute of Technology Belagavi, VTU in 2013
- PUC(CS) from RLS College Belagavi in 2009
- SSLC from Benson's English Medium, Belagavi in 2005

TECHNICAL SKILLS

- Programming Languages
- Deep Learning
- Model Evaluation and Validation
- Tools and Libraries
- Data Analysis and Statistics

Machine Learning Algorithms
Data Preprocessing and Feature Engineering
Data Visualization
Cloud Platforms
Programming and Software Development

PERSONAL DETAILS

Data of Birth:	26th Jan 1990
Father	Anand Naduvinamani
Nationality:	Indian
Languages Known:	English, Hindi, Kannada, Marathi
Aadhar	607997434962
PAN	AVPN9255A

With a strong foundation in Android development, corporate training, and AI/ML expertise, I am eager to leverage my skills and experience to contribute to challenging projects and drive innovation. Please feel free to contact me at your earliest convenience to discuss potential opportunities.

Thank you for considering my application.

Sincerely,
SANTOSH N
