## PROFILE SUMMARY

Completed MCA with a strong foundation in BCA, I have honed my technical skills in Java, SQL, HTML, and CSS. I have a commitment to continuous learning, which is reflected in my certification in Core Java. I have also gained practical experience during my 3-month internship at Future Technology Belagavi, where I was involved in the development of an E-Court Portal. My willingness to learn and team player attitude are my personal strengths that I bring to the table. I am seeking a position where I can leverage my skills for the growth of the organization and contribute to the advancement of science and technology.

Access to justice is a pressing concern globally, with technology emerging as a vital tool to enhance efficiency in the justice system. Case management, comprising registration, indexing, and follow-up of cases, stands as a pivotal element. An online Court Case Management System aims to streamline judicial processes, ensuring transparency, reducing delays, and fostering a positive perception of the judiciary.
